July 2017

A New Year

July 1st = New Fiscal Year

July has always been one of my favorite months. It is the heart of summer and is full of fun days such as my birthday and the Fourth of July. This July will include something new and that is the beginning of my first full fiscal year at the Carlin Senior Center. In April, the City Council and Department Heads sat down to create a budget that will keep us afloat. As the federal government tightens its belt we begin to feel the impact at home. However, I always look for the silver lining and see our funding challenges as

a new opportunity to improve the Carlin Senior Center. One way we can improve is by taking on new fundraising opportunities. This Fourth of July we will be hosting the traditional Cake Walk at the City Park but we need your help! If you can, bake a cake. If you can't get it to the park we will be happy to pick it up. If you can't bake, stop by and help out for a few minutes or just take a stroll around the numbers and see if you can win a cake! Happy July!

Meet Laura

Laura Adams is one of our amazing cooks! Laura is happily married to her husband of 20 years and has three children. She recently welcomed to the world her first two grandsons and she couldn't be more thrilled!

When Laura isn't cooking up a storm in the Senior Center kitchen she likes to fish, camp, craft, and read. Laura is also a board member for the POW/MIA Elko Awareness Association and a Life Member of the National League of Families. She graduated from Eureka High School and has a Bachelor's Degree in Business Management and Human Resources. So stop by for lunch and say hello to Laura!

This institution is an equal opportunity provider and employer.

Lunch at the Carlin Senior Center – May 2017
