

# Carlin Senior Center

City of Carlin

320 Chestnut Street 754-6465

JUNE 2020

## *STILL CLOSED BUT THERE IS HOPE*

The Administration for Community Living recently issued some guidelines for senior nutrition programs (that's us!) to consider as the State moves through the Phased Reopening. You are not like everyone else. In fact, between 10 and 27 percent of people over the age of 85 who were confirmed to have COVID-19 died from the disease and people who are 65 or older are at a higher risk for developing severe illness from COVID-19. Because you are at a higher risk we have to be extremely cautious. Under the guidance, we will continue to provide homebound meals only. Of course, with bars, restaurants, and beauty salons reopening we have had to increase our safety measures. We now all have to have our temperature taken when we arrive at the Senior Center and we will continue to wear our masks, wash our hands, and sanitize everything we touch. Hopefully, if we all continue to be careful the number of new cases will not rise too drastically. If the number of new cases stays low during Phase 1 then we will get to move to Phase 2.

Under Phase 2, we will be able to open the dining room again but it will be different than before. We will only be able to have a limited number of seniors come each day so you will have to make a reservation on your designated day. We will have to continue to stay 6 feet apart so only two people will be able to sit at each table. Before and after lunch you will be required to wear a mask and your temperature will be taken before you are allowed to enter the building. I realize this doesn't sound like much fun but it will be an opportunity to try something new and different. Please bear with us as the changes arrive and remember we love you and want you to be safe and healthy!

---Ella

An adventurer found a chest with treasures in a cave guarded by a pirate. He had 3 keys that were golden, silver and black. But only one of them could open the chest. The pirate would give the adventurer only one chance to reach the treasure.

If he chose the right key, he would take the chest.

If he was wrong, the pirate would kill him right there. The only clue was this cipher:

TGK HOE ELY DEN.

**Which is the right key?**
